

SWATYCOMET SPECIALHYBRID

Flap disc

Longer life up to 20%.
Higher aggressiveness up to 20%.

Unique combination of double flaps and two different grain sizes.

**NEW
FLAP DISCS**

SWATYCOMET SPECIALHYBRID

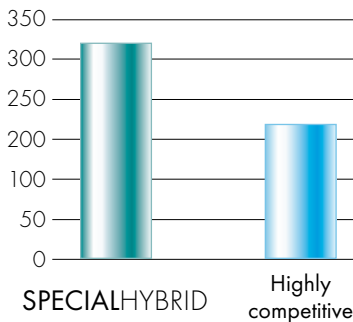

Flap disc **SPECIALHYBRID** are flap disc with double flaps and with two different grain sizes.

The combination of coarse grit size with finer grit size extends the duration of the disc. The combination of fine grit size with a coarser, however, increases the speed of grinding.

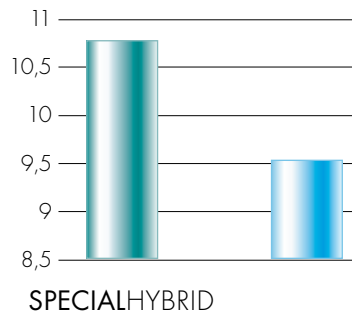

Flap discs **SPECIALHYBRID** are designed for demanding grinding operations in industry where long life and high aggressiveness are required.

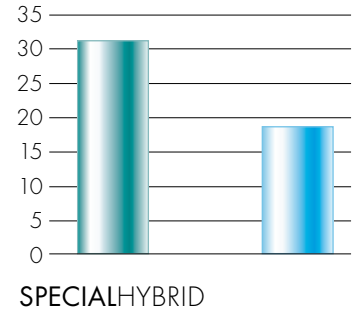

Ground off (g)

Grinding time (min)

Stock removal (g/min)
