CROSS-LINE LASERS for 18V battery systems

Three green cross-line lasers – perfect for precise alignment of objects throughout the room. Thanks to the green laser technology with the PowerGreen++ brightness classification, perfect visibility is ensured even in poor lighting conditions.

PowerLine-Laser G360P Multi-18V

Order No. 036.360L

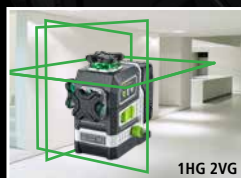

Green cross-line laser with horizontal laser circle, vertical laser line as well as plumb dot up & down.

PowerPlane-Laser 3G Multi-18V

Order No. 036.380L

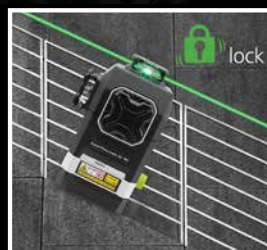

Three-dimensional green laser with one horizontal and two vertical laser circles.

Precise fine adjustment mechanism without changing the center point

Sturdy aluminium base with exemplary stability with 1/4" and 5/8" thread

Easy alignment of slopes with manual tilt function

HIGH POWER in 18V

Battery systems
from leading
manufacturers

Info

**SIMPLE
INTEGRATION**
to existing 18V
battery systems
thanks to suitable
adapters!

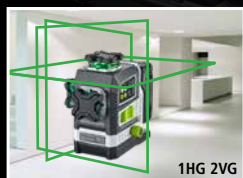

The tilt values of the X- and Y-axes are shown precisely as a percentage on the digital tilt display of the **PowerPlane-Laser 3G Pro Multi-18V**.

PowerPlane-Laser 3G Pro Multi-18V

Order No. 036.390L

Three-dimensional green laser with one horizontal and two vertically adjustable laser circles controllable via remote control and tilt display (%).

1HG 2VG

RemoteControl:
with rotary dial for
precise adjustment of
the electronic fine side
drive; controls all laser
functions.

Time-saving
automatic alignment

Can be used with
18V battery or USB-C
mains power

Magnetic clamp and wall
bracket CrossCrip Pro
included

MULTIPOWER HYBRID LASER for 18V battery systems

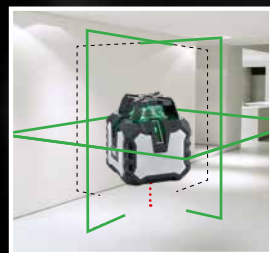

The 360° hybrid laser projects a horizontal laser circle, two individually selectable vertical laser lines and offers a manual tilt function. This hybrid laser is designed for accurate alignment both indoors and outdoors, such as when setting up formwork for concrete floors, installing warehouse shelving, or constructing terraces. The Anti-drift system provides effective protection against levelling errors, which can be caused by unintended changes in position.

Duraplane GMX Multi-18V incl. RangeXtender M 70

Order No. 052.700A

Robust 360° hybrid laser with horizontal laser circle, two vertical laser lines, Anti-Drift-System and millimetre hand-held receiver RangeXtender M 70 – ideal for precise alignment in interior and exterior areas.

PowerLine-Laser G360P Multi-18V

Order No. 036.360L

Levelling	horizontal / vertical automatic
Accuracy	± 0.2 mm / m
Visibility (typical)*	60 m (*Measured at 300 lux ambient light)
Self-Levelling Range	± 3.5° (horizontal)
Protection Class	IP54
Laser Wavelength	515 nm
Laser Class	2 / < 1 mW
Power Supply	18V accu (not included) and USB-C mains power
Operating Time	depending on the 18V-battery system used with 3 Ah approx. 10 hrs./ with 5 Ah approx. 20 hrs.
Tripod Connection	1/4" and 5/8"
Dimensions (BxHxD)	163 x 158 x 93 mm
Weight	800 g
